MONTANA FISH AND GAME DEPARTMENT

-:- FUR ANIMAL SEASONS -:-

1955-56 Regulations Adopted by Montana Fish and Game Commission August 15, 1955

Taking of Fur Animals During Open Seasons by Any Means Other Than Trapping Is Prohibited by Fish and Game Commission Regulations.

MINK: Open season from November 10, 1955 to December 31, 1955, inclusive.

FOX: Open season entire year.

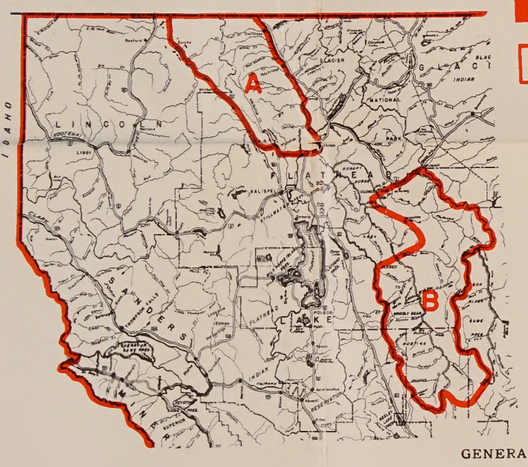
MUSKRAT: **Western Montana** (As designated on Trapper Map) Open season from November 10, 1955 to December 31, 1955, inclusive.

Special Season: Lands lying within the following irrigation districts shall be open to the trapping of muskrats from March 1, 1956 to April 30, 1956, inclusive:

Flathead district (excluding all Indian allotted or tribal lands) in Lake and Sanders Counties.
Fairfield district in Cascade and Teton Counties.
Valier district in Pondera County.
Brady district in Pondera and Teton Counties.

Eastern Montana (as designated on Trapper Map).

Open season from November 10, 1955 through April 30, 1956, inclusive. Western and Eastern Montana, as designated on the Trapper Map, are separated by the following line: Proceeding in a southerly direction along the common boundary of Toole and Liberty Counties to the Marias River, thence in a southeasterly direction along the Marias River to its confluence with the Missouri River, thence in a southeasterly direction along the Missouri River and south bank of the Fort Peck Reservoir to the point where the county line between Petroleum and Garfield Counties diverges from said reservoir, then south along the east bank of the Musselshell River, including said river in western Montana, to the point where the common boundary of Musselshell and Rosebud Counties diverges from the Musselshell River, thence south to the Montana State line along county lines bordered on the west by Musselshell, Yellowstone and Big Horn Counties, and on the east by Rosebud, Treasure and Powder River Counties, respectively.



MARTEN: Open season from November 10, 1955 to December 10, 1955, inclusive, except as follows:

Special Seasons:

Area A: Open season from November 10, 1955 to November 25, 1955, inclusive, in those portions of Flathead and Lincoln Counties bounded on the east by the North Fork of the Flathead River, on the south by U. S. Highway No. 2 and State Highway No. 40, on the west by U. S. Highway No. 93 and on the north by the International Boundary.

Area B: Open season from November 10, 1955 to December 31, 1955, inclusive, in that portion of Flathead County included within the Middle Fork of the Flathead River drainage upstream from the mouth of Bear Creek, and in those portions of Flathead, Lewis and Clark, Powell, and Missoula Counties included within the South Fork of the Flathead River drainage upstream from Spotted Bear Ranger Station.

(Marten pelts must be tagged by the Game Warden residing in the district where the pelts were taken within twenty (20) days of the closing of the open season.)

PLEASE NOTE: A number of marten have been ear-tagged for purposes of scientific study. If one of these marten is captured, please notify the nearest Game Warden or District Office of the number or numbers and the locality of capture. The ear tags are about one-half inch long by one-eighth inch wide and bear the letters MFGD on one side with numbers on the reverse.

OTTER — FISHER: Closed.

Fish and Game Department Trapper Map

GENERAL BEAVER SEASON

APPLICATION

Only persons 12 years old or older and in possession of a 1955-56 General Trapper license may apply for a General Beaver Season Permit (General Trapper license may be applied for at the time of application for General Beaver Season Permit).

General Beaver Season Permit applications for all Quota Areas must be received by the State Fish and Game Director at Helena on or before October 1, 1955.

Applications for all Reduction Areas (no limit areas) will be accepted until March 31, 1956.

Application forms can be obtained from any State Fish and Game Warden, any District office or from the Helena office.

AREAS

Beaver Trapping Areas are described on the Trapper Map.

Applicants may choose any one area described on the Trapper Map.

LIMITS

Some Beaver Trapping Areas have a set quota of beaver to be taken, as designated on the Trapper Map. In each of these areas the limit per trapper will be established by dividing the beaver quota among the applicants. No limit will be set on the number of beaver a trapper may take in those areas marked "No Limit" on the Trapper Map.

PERMITS (General Beaver Season)

Each applicant will receive notification when permits are released. The trapper may then obtain the permit from the State Fish and Game Warden in his Beaver Trapping Area. Permits are not valid unless signed by both the permittee and the State Fish and Game Warden on or before the thirtieth (30) day following the opening of the General Beaver Season in the applicant's chosen Beaver Trapping Area.

General Beaver Season Permits are not valid on privately owned or leased land unless properly signed by the owner or lessee of said land. (In the case of absentee ownership a letter from the owner or lessee to the trapper containing permission to trap beaver must be obtained by the trapper.)

The General Beaver Season Permit is not transferable. It shall be in the personal possession of the trapper when said trapper is engaged in trapping beaver on said permit.

LOCATION OF TRAPPING WITHIN AREA

State Fish and Game Wardens shall have the authority to designate specific beaver trapping locations, within each Beaver Trapping Area in their district, for each beaver trapper legally registered therein. Trappers must abide by this designation and may not trap beaver in any other locality on the General Beaver Season Permit.

FEES AND APPLICATIONS FOR BEAVER TAGS

All General Beaver Season Permits must be properly filled out and turned in to the warden in the area for which it was issued within ten (10) days after the closing of the corresponding General Beaver Season. The last page of said permit when properly filled out constitutes an application for beaver tags. The trapper will remit to the warden at this time a royalty fee of $1.00 for each beaver caught and 50c for each beaver tag needed. Upon receiving the tags he will pay the warden a 10c tagging fee for each tag affixed.

Applications for beaver tags needed prior to closing of the season may be obtained from your local State Fish and Game Warden or District Office.

CLOSED TO ALL TRAPPING: State Preserves—Sun River, Gallatin, Skalkaho, Grass Valley and Seeley Lake; Missouri River and Canyon Ferry Reservoir from U.S. Highway 10N Bridge at Townsend to Canyon Ferry Dam; all Federal Preserves and all Indian allotted or tribal lands. Permits to trap on Federal Preserves may be issued by Federal Refuge Manager.

TRAPPING LICENSES: Apply to the State Fish and Game Department, Helena, Montana.
General Trapper's License—$10.00—Applicants must give number of their 1955 Bird and Fish License.
Landowner's Trapping License—$1.00—Applicants must give description of land owned or leased.

1955-56 General Beaver Season

Highway 93 South; excluding the Upper Rock Creek drainage above Stony Creek and the Upper Blaekfoot drainage above Belmont Creek shall be open to trapping tor 100 beaver by General Beaver Season permit only, from March 1, 1956 through April 30, 1956.

27. That portion of Powell County lying South of the Blaekfoot River and that portion of Granite County in the Clark's Fork drainage above Drummond shall be open to trapping for 250 beaver by General Beaver Season Permit only, from March 1, 1956 through April 30, 1956.

28. Those portions of Missoula and Powell Counties lying North of Belmont Creek, within the Blackfoot-Clearwater drainages and that portion of Lewis and Clark County included within the drainage of the North Fork of the Blackfoot River shall be open to trapping for 200 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

31. Those portions of Gallatin, Madison and Park Counties lying within the drainage of the Gallatin River and its tributaries, and within the drainage of Sixteen Mile Creek and its tributaries; also those parts of Madison and Gallatin Counties within the drainage of that section of the Madison River from the Madison County line (where it erosses the river between Cherry and Elk Creeks) to its mouth, and the drainages of all tributaries entering the Madison River within this section; and also those parts of Broadwater, Gallatin and Jefferson Counties containing the Missouri River proper from Sixteen Mile Creek to its origin and the Jefferson River proper from its mouth to Sappington Junction, and the drainages of all tributaries to the above described sections of the Missouri and Jefferson Rivers lying within Gallatin County shall be open to trapping for 200 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

32. Those portions of Broadwater, Jefferson and Lewis and Clark eounties lying within the drainage of that section of the Missouri River between Lombard and Canyon Ferry Dam, and the drainages of all tributaries entering the Missouri River within said section . . . , except the Missouri River and Canyon Ferry Reservoir from U. S. Highway 10N Bridge at Townsend to Canyon Ferry Dam, shall be open to trapping for 150 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

33. That part of Beaverhead County lying within the drainages of streams entering the Big Hole River from the west between and including Sawmill Gulch (across Big Hole River from Divide) and Rock Creek; and that section of the Big Hole River proper in Beaverhead, Silver Bow and Madison Counties from the mouth of Moose Creek downstream to its confluence with the Jefferson River, and that portion of Silver Bow and Madison Counties lying within the drainage of said section of the Big Hole River and within the drainages of tributaries entering said seetion; also that portion of Madison County lying within the drainage of the Jefferson River and its tributaries except that part of the Beaverhead River and its entering tributaries upstream from and including Trout Creek near the "Beaverhead Roek" northeast of Dillon, and exeept that part of the Ruby River and its entering tributaries upstream from the Ruby River Storage Project Dam, and exeept the Alder Creek drainage (tributary to the Ruby River) shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

34. All of that part of Beaverhead County drained by the Beaverhead River and its tributaries, and that portion drained by those tributaries of the Big Hole River entering said river from the west between the mouth of Rock Creek and that point downstream where the Madison-Beaverhead County line diverges from the river, Rock Creek drainage is exeluded; and also that part of Madison County drained by tributaries entering the Beaverhead River upstream from and including Trout Creek near the "Beaverhead Rock" northeast of Dillon shall be open to trapping for 600 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

35. All of Madison County lying within the drainage of the Madison River and its tributaries exeept that part of Madison County lying within the drainage of Beaver Creek (which enters the Madison River near the outlet of Hebgen Lake); and that part of Beaverhead County lying within the Madison River drainage; and that portion of Madison County lying within the drainage of that part of the Ruby River and its tributaries upstream from the Ruby River Storage Project Dam; and that part of Madison County lying within the drainage of Alder Creek and its tributaries (Alder Creek is tributary to the Ruby River); also that part of Madison County within the drainages of Big Antelope, Sage and Willow Creeks (all three tributaries of the Jefferson River) shall be open to trapping for 100 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

36. Those portions of Park, Gallatin and Sweetgrass Counties lying within the drainage of the Yellowstone River and its tributaries except that part of Sweetgrass County lying within the Stillwater River drainage shall be open to trapping for 700 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

37. Those parts of Beaverhead, Silver Bow and Deer Lodge Counties lying within the area drained by the upper Big Hole River and its entering tributaries upstream from and including Divide Creek, and those tributaries of Divide Creek entering only from the west; and that part of Silver Bow County lying within the drainage of the Clark Fork River downstream from the junction of Highways 10 and 91 (Nestler's Junction) and the drainage of its tributaries entering the river downstream from said junction shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

38. That portion of Jefferson County drained by tributaries of the Jefferson River entering the river between Sappington Junction and Parsons Bridge (north of Waterloo); and those parts of Madison and Jefferson Counties containing the Jefferson River proper between Sappington Junction and Parsons Bridge; and that part of Silver Bow County south and east of Highway 91, drained by the Clark Fork River and its tributaries; and that part of Silver Bow County drained by the Moose Creek drainage and by the tributaries of Divide Creek entering said Creek from the east; and that portion of the Big Hole River proper in Silver Bow and Beaverhead Counties between the mouth of Divide Creek and the mouth of Moose Creek, including Moose Creek but excluding Divide Creek, shall be open to trapping for 375 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

39. That part of Gallatin County lying within the upper Madison River drainage upstream from the Gallatin-Madison County line where said line crosses said river between Eagle and Beaver Creeks; and that portion of Madison County lying within the drainage of said Beaver Creek shall be open to trapping for 50 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

41. Caseade County in its entirety and those portions of Teton and Chouteau Counties bounded on the north by the Teton River, the west by U. S. Highway 89 and the Lowry-Fairfield road, and on the east by the Missouri River; and that portion of Lewis and Clark County which includes the Missouri River downstream from the Gates of the Mountains Closure, shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

42. Judith Basin County in its entirety and that portion of Chouteau County lying south of the Missouri River, shall be open to trapping for 400 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

43. Those portions of Glacier, Pondera, Toole, Liberty, Chouteau and Teton Counties lying west of the Missouri River and south of the Marias River, Blackfoot Indian Reservation and the Glacier National Park; and bounded on the south by the Teton River upstream to the mouth of Deep Creek, thence by the Continental Divide along the divide separating the main Teton River drainage from the Deep Creek and Sun River drainages, shall be open to trapping for 400 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

44. Those portions of Lewis and Clark and Teton Counties including the Willow Creek, Deep Creek, Sun River and Dearborn River drainages, shall be open to trapping for 300 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

45. Those portions of Lewis and Clark and Jefferson Counties including Prickley Pear Creek drainage and the Missouri River with its entering tributaries from the Broadwater - Lewis and Clark County line to the northern boundary of the Gates of the Mountains Closure, and the upper drainages of the main fork of the Blackfoot River, shall be open to trapping for 50 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

46. Meagher County in its entirety, exeept the Shields River drainage, shall be open to trapping for 100 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

47. Those portions of Garfield and Rosebud Counties through whieh the Musselshell River flows and Fergus and Petroleum Counties in their entireties shall be open to trapping for 900 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

McKEE PRINT.

51. Yellowstone County in its entirety shall be open to trapping for 500 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

52. Big Horn County in its entirety, exeept the Tongue River Northern Cheyenne Indian Reservation shall be open to trapping for 400 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

55. Those portions of Park, Sweetgrass and Stillwater Counties included within the drainage of the Stillwater River and those portions of Sweetgrass, Stillwater and Carbon Counties included within the drainage of the Yellowstone River downstream from the town of Greycliff to the Stillwater-Yellowstone County line shall be open to trapping for 300 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

56. Those portions of Park and Carbon Counties ineluded within the Stillwater and Clark Fork River drainages shall be open to trapping for 300 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

75. Dawson and Wibaux Counties in their entireties, and that portion of McCone County in the Redwater River drainage between Circle and the Dawson County line shall be open to trapping for 100 beaver by General Beaver Season Permit only, from November 1, 1955 through April 30, 1956.

REDUCTION AREAS:

Applications for all Reduction Areas (no limit areas) will be accepted until Mareh 31, 1956.

53. Those portions of Sweetgrass and Wheatland Counties ineluded within the drainages of Fish Creek and Big Coulee Creek and Golden Valley and Musselshell Counties in their entireties shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955 through April 30, 1956.

54. That portion of Sweetgrass County included within the drainage of Ameriean Fork and Wheatland County in its entirety exception that portion within the drainage of Fish Creek shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955 through April 30, 1956.

61. Valley County exeept the Fort Peek Game Range shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955 through April 30, 1956.

62. That portion of Phillips County except the Fort Belknap Indian Reservation, Little Rockies Preserve and the Fort Peek Game Range, shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955 through April 30, 1956.

63. Those portions of Hill, Blaine and Chouteau Counties Counties lying north of the Marias and Missouri Rivers, except Fort Belknap and Rocky Boy Indian Reservations, shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955, through April 30, 1956.

64. That portion of Roosevelt County west of State Highway No. 16 and that portion of MeCone County west of the Circle - Wolf Point Highway and north of the Circle - Jordan Highway, except the Fort Peek Game Range, shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955 through April 30, 1956.

65. Daniels and Sheridan Counties in their entireties, and that portion of Roosevelt County east of State Highway No. 16 shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955 through April 30, 1956.

66. Riehland County in its entirety and that portion of McCone County east of the Cirele - Wolf Point Highway and north of a line continuous with the east - west McCone - Dawson County line in the vicinity of Vida, shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955 through April 30, 1956.

71. Prairie County in its entirety, that portion of Custer County lying west of the Powder River, and that portion of McCone County south of State Highway No. 18 shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955, through April 30, 1956.

72. Powder River County in its entirety; and that portion of Carter County, including the Little Missouri River drainage upstream from the town of Albion and the Box Elder Creek drainage upstream from the crossing of the Belltower-Ekalaka road, shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955 through April 30, 1956.

73. Fallon County in its entirety; that portion of Custer County east of the Powder River; and that portion of Carter County including the Little Missouri River drainage downstream from the town of Albion, the Box Elder Creek drainage downstream from the erossing of the Belltower-Ekalaka road and the Little Beaver Creek drainage downstream from the Ekalaka-Powderville road, shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955 through April 30, 1956.

74. Dawson and Wibaux Counties in their entireties, and that portion of MeCone County in the Redwater River drainage between Cirele and the Dawson County line, shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955 through April 30, 1956.

76. Treasure and Rosebud Counties in their entireties, except the Tongue River - Northern Cheyenne Indian Reservation, and the Musselshell River (See Areas 47 and 53), shall be open to trapping for beaver by General Beaver Season Permit, from November 1, 1955 through April 30, 1956.
